## STUNT CYCLE

# STUNT CYCLE™

## **Devildel thrills.**

Now the people who brought motor sports racing to a video track brings your customers a fantastic motorcycle jump and stunt attraction.

Realtime handgrip throttle control accelerates motorcycle. Riders try to jump over an increasing number of buses without crashing—more than 8, it's a wipeout! The roar of acceleration, crashing, the cheer of the crowd—High speed wheelies over more and more buses add to the excitement... and your profits. Stunt Cycle, lets you capitalize on everybody's interest in devildel bike riding.

## **High Rev profits.**

Stunt Cycle is a completely new video concept and with built-in Atari exclusive features, you and your customers can be instant superstars.

**Large 19" monitor**, giant side panel and illuminated front panel graphics make Stunt Cycle stand out anywhere... attract players of all ages.

## **You direct the action.**

You control your action with Stunt Cycle's options:

- Adjustable for game time (number of misses)

- Stunt Cycle is shipped standard set for 3 misses
- Switch adjustable from 25¢ per player to 25¢ for 2 single plays, or 25¢ for one 2-player game
- Adjustable for optional free play

Locking cashbox, hinged cash door and dual coin mech keeps collections secure and easy to retrieve.

## **Stunt Cycle won't wipe out.**

Rugged Diercrest™ tested circuits, reliable long-wearing solid state electronics, indestructible sandcoated metal handlebar assembly add up to less down-time. And Incept™ 48 hour parts backup add up to continuously high earnings.

**Dimensions:** Height: 65 5", 168 cm,  
Width: 25 5", 64 cm, Depth: 26 25",  
67 cm

Jump'em all! Order Stunt Cycle now. Start playing with the future today. Call your local Atari distributor or contact us at Atari Inc. 2175 Martin Avenue, Santa Clara, CA 95060 or phone (408) 984-1900
